OBJECTIVE

Aspiring professional seeking a role where I can apply both my technical abilities and business skills to support team objectives, enhance workflows, and contribute to organizational growth. I value learning, collaboration, and delivering efficient outcomes.

SKILLS

- Python (basics, data handling, scripting)
- Machine learning frameworks
- Data preprocessing techniques
- JavaScript
- TypeScript
- React & Next.js
- Tailwind CSS
- Git & GitHub
- UI/UX design
- Figma & Adobe Suite
- User research & usability testing
- Data integration techniques
- Decision-making
- Problem-solving
- Adaptability & flexibility
- Time management
- Leadership & collaboration
- Client interaction
- Communication
- Microsoft Office

EXPERIENCE

Codec Technologies Pvt. Ltd. — Artificial Intelligence Intern
06/2025 - 07/2025

- Assisted in developing AI models and preprocessing data to improve accuracy.
- Researched AI tools and contributed ideas for workflow and feature enhancements.
- Coordinated with cross-functional teams to align project requirements.

Zidio Development | Bengaluru — UI/UX Design Intern
03/2025 - 06/2025

- Designed wireframes and prototypes to enhance interface clarity and usability.
- Conducted user research and usability tests to inform and validate design decisions.
- Developed personas and journey maps while maintaining comprehensive project documentation.

Students Academy Educare LLP | Navi Mumbai — Administrative Coordinator
02/2023 - 09/2023

- Managed academic schedules, payments, and student records for smooth operations.
- Served as the communication link between students, parents, and faculty.
- Organized events, handled inquiries, and streamlined administrative workflows.

EDUCATION

DY Patil University — Master of Computer Applications in Artificial Intelligence / Machine Learning
2026 - Present (Pursuing)

Amity University Mumbai — Bachelor of Computer Applications, Animation (Minor)
2023 - 2026

Smt. Sushiladevi Deshmukh College of Arts, Science and Commerce — 12th HSC Board
01/2023

Mazidun High School & Jr. College — 10th SSC Board
01/2021

PROJECTS

DRISHTI — AI-Powered Smart Accident Detection & Emergency Response System
Final year academic project combining AI, real-time tracking, and emergency response into a mobile safety platform.

LaunchForge AI — AI-Powered Startup Idea Generator
Web platform that transforms startup ideas into complete plans using AI; built with React and modern frontend tooling.

Second Brain AI — Intelligent Knowledge Management Platform
Personal knowledge management tool for organizing and retrieving information with AI assistance.

Nova AI — Next-Generation AI Assistant Platform
Live AI assistant platform. https://Novaai-gamma.vercel.app

Morphix — AI-Powered Interactive Motion Design Platform
Interactive playground for motion design engineers to prototype and explore animations.

SkillDNA — AI-Powered Professional Identity Platform
Platform for building and showcasing a data-driven professional identity using AI.

RegressionGuard — ML Monitoring Platform
Monitoring platform for tracking machine learning model performance and detecting regressions.

CERTIFICATIONS

- **Web Development** — Acmegrade Online, 06/2025. Trained in HTML, CSS, JavaScript, and responsive web design; completed hands-on frontend projects.
- **Cybersecurity Virtual Simulation** — Deloitte (Forage), 06/2025. Completed virtual tasks in threat analysis, incident response, and cyber-risk evaluation.
- **AI Tools Workshop** — Be10x Online, 07/2025. Trained in AI-based productivity tools, presentation creation, and data analysis workflows.
- **Java Programming** — Great Learning Academy, 08/2024. Completed an introductory course covering Java fundamentals and programming concepts.
- **Introduction to Deep Learning** — Great Learning Academy, 08/2024. Learned core concepts of neural networks, deep learning, and AI fundamentals.
- **UI/UX for Beginners** — Great Learning Academy, 08/2024. Completed foundational training in UI/UX design, including wireframing, prototyping, and design principles.
- **Google Skill Badges** — Google Cloud Skills Boost, 2024-2025. Completed multiple Google Cloud digital skill badges, demonstrating hands-on experience with cloud tools and real-world lab environments. skills.google/profile/badges
